# NDAA 889 Compliance Statement

**HiBoost (Huaptec US, Inc.)**  
3150 Premier Dr. STE 130, Irving, TX 75063  
www.hiboost.com

**Date:** 12/03/2025

---

## To Whom It May Concern:

This letter serves as HiBoost's official certification of compliance with **Section 889(a)(1)(A)** and **Section 889(a)(1)(B)** of the **John S. McCain National Defense Authorization Act (NDAA)** for **Fiscal Year 2019**, including all current FAR implementation requirements.

HiBoost hereby confirms the following:

### 1. No Prohibited Manufacturers

HiBoost products **do not contain** any components, modules, chipsets, integrated circuits, firmware, or software produced by the following prohibited entities or their subsidiaries/affiliates:

- Huawei Technologies
- ZTE Corporation
- Hytera Communications
- Hikvision
- Dahua Technology

HiBoost does not use radio modules, basebands, SoCs, or firmware originating from these manufacturers.

### 2. No Use of Prohibited Services

HiBoost products **do not require, depend on, or connect to** any services, networks, cloud systems, or infrastructure owned or operated by prohibited entities.  
Products are suitable for use by federal agencies and contractors subject to 889(a)(1)(B).

### 3. Supply Chain Verification

**Huaptec US Inc.**  
3150 Premier Drive, Suite 130, Irving, TX 75063  
Telephone: 972-870-5666

---

HiBoost maintains an ongoing supply-chain review process, including BOM verification and vendor attestations, to ensure continued NDAA 889 compliance. Supporting documentation is available to authorized procurement officials upon request.

#### **4. Statement of Conformance**

HiBoost certifies that all HiBoost-branded cellular signal booster products sold in the United States are **fully compliant with NDAA Section 889** and may be lawfully purchased and used within federal procurement environments.

---

Sincerely,

**Aaron Fisher**
