

## SureCall Fusion2Go XR OTR/RV Cell Signal Booster TS561311/TS561319 OTR Antenna Connection Guide

You'll use two adapters to attach the Top Signal 5G OTR antenna to the SureCall Fusion2Go XR booster.

Twist the **SMA-male barrel connector** onto the SMA-female connector on the cable from the OTR antenna. (This connector is in the OTR antenna kit.)

Twist the SMA-female end of the **SMA/FME connector** into the SMA-female barrel connector. The FME-female end attaches to the booster.
