

DESTINATION RV

SKU: 470159 MAP: \$649.99

FEATURES

- Boosts cell signal in RVs, toy haulers, and trailers when stationary.
- Stops dropped calls, improves streaming, and increases data speeds.
- Supports multiple users and devices simultaneously.
- Works with all phones and cellular devices on all carriers.

KIT INCLUDES

Booster with Bracket

Outside Antenna (314445), Mounting Bracket, 30 foot Cable & Window Entry Cable

Inside Antenna (311239), Mounting Bracket & 15 Foot Cables (x2)

Telescoping Mounting Pole (900071 extends to 24 feet), Wall Mount Brackets, Top Stabilizer & Pole Foot

Power Supply (850025) & Hardwire Power Supply (850022)

ABOUT

The **Destination RV** is our most powerful cell signal booster designed for large RVs, toy haulers, and trailers. For use only when parked, the booster stops dropped calls, improves video streaming, and increases data speeds, especially in remote areas. Every passenger gets strong, reliable signal on all cellular-enabled devices on all carrier networks.

The booster kit includes an outside directional antenna that mounts on a 24-foot telescoping pole to target nearby cell towers. This technology is 5G ready and works on almost any camper or trailer, providing maximum signal inside your RV. The initial DIY installation process takes approximately 30 minutes, and each subsequent takedown and setup takes about 10 minutes.

Like all weBoost boosters, the Destination RV is FCC-approved and comes with a 2-year warranty.

SPECIFICATIONS

MODEL NUMBER	470159 [†]	
FREQUENCIES	Band 12/17	700 MHz
	Band 13	700 MHz
	Band 5	850 MHz
	Band 4	1700/2100 MHz
	Band 25/2	1900 MHz
MAX GAIN	65 dB	
IMPEDANCE	75 Ohm	
POWER	4.5V DC	
CONNECTORS	F Female	
BOOSTER DIMENSIONS	6 × 6 × 1.6 in.	
BOOSTER WEIGHT	1.9 lbs.	

[†]**WARNING:** This product can expose you to chemicals including Nickel, which is known to the State of California to cause cancer, and Bisphenol A, which is known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov

HOW IT WORKS

- 01 **Outside antenna:** The outside antenna communicates back and forth with nearby cell towers.
- 02 **Booster:** The booster amplifies any cell signals it receives from the outside antenna.
- 03 **Inside antenna:** The inside antenna broadcasts these signals for use throughout the RV.

SUPPORT

2-Year Warranty from Purchase.
