MORE Durable Mounting Bracket

ABOUT

Work Truck is a professional-grade kit designed for your truck to help you stay connected in the toughest work conditions. The kit includes an all-weather omni antenna with 4" and 13" mast extensions. The omni antenna can be detached easily with the new quick release feature. The versatile mounting bracket has been redesigned to withstand the rugged work environments and an easier angle adjustment. Hardware included for multiple mounting options.

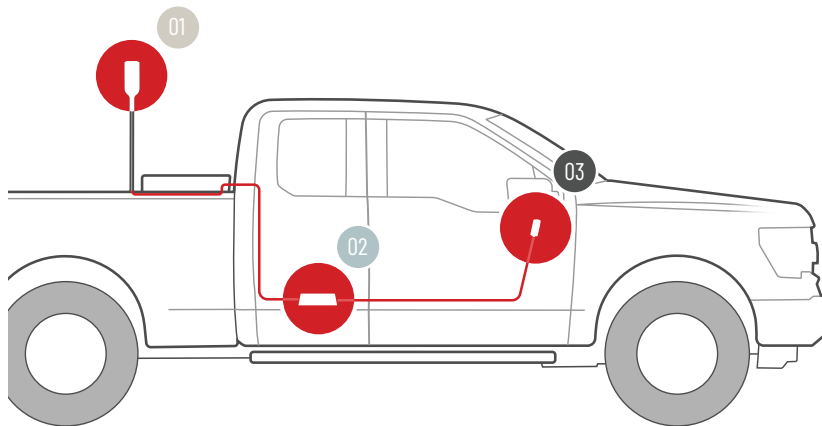

With our our most powerful in-vehicle cell phone signal booster, the Work Truck enhances all available network signals up to 32x. Drivers experience fewer lost connections and dead zones, better audio quality, and faster data uploads and downloads. All components needed for installation come in one package. Dual power options are included. Choose between CLA (cigarette lighter) for quick setup or hardwire installation for permanent, professional-grade power connection. The Work Truck works with all cellular devices and all US carriers.

INSTALLATION

- 01 **Outside antenna:** The outside antenna communicates back and forth with nearby cell towers.
- 02 **Booster:** The booster amplifies any cell signals it receives from the outside antenna.
- 03 **Inside antenna:** The inside antenna broadcasts these signals for use throughout the vehicle.

SUPPORT

2-Year Warranty from Purchase.
