- HEX 360 omni-directional antenna with pole mounting bracket.
- Designed for multiple devices and users.
- Works on ALL cellular devices and ALL carriers simultaneously.

KIT INCLUDES

ABOUT

Work Site is a professional-grade kit designed for the most rugged work sites. Whether coordinating with subcontractors, accessing cloud-based blueprints, accessing weather changes, or managing crew schedules from your mobile office, strong cell signal is essential—especially when your workspace moves from site to site. The kit includes the all-weather HEX omni directional antenna with telescoping pole to help keep your cell signal strong.

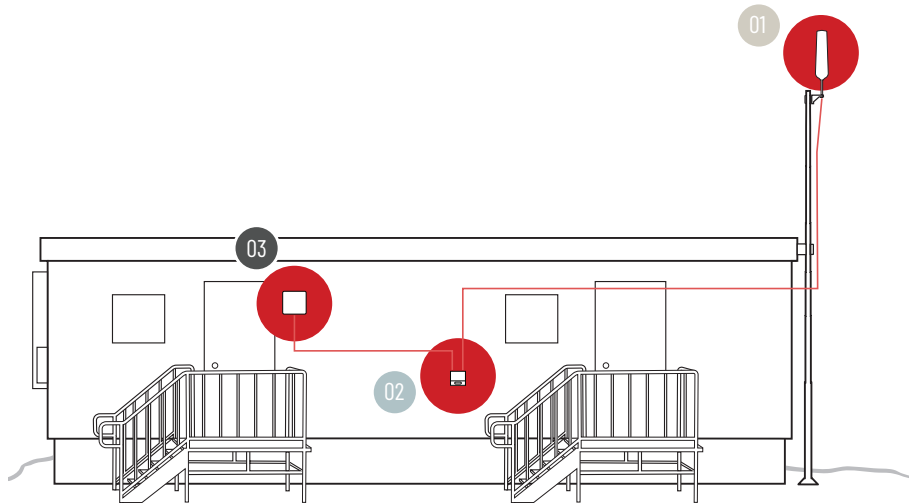

The Work Site signal booster ensures uninterrupted communication so crews can coordinate, report, and get the job done — without dropped calls or slow data. Works with all cellular devices and all US carriers. All components needed for installation come in one package. Like all weBoost products, Work Site is approved by the FCC and is backed by a 2-year warranty.

SPECIFICATIONS
