

WEBOOST INSTALLED | HOME COMPLETE

SKU: 474445 MAP: \$1,299.99

FEATURES

- First residential cell signal solution to include professional installation anywhere in U.S.
- Boosts all available networks speeds for enhanced cell signal coverage
- Max cell coverage for your home
- Supports multiple cellular devices and users simultaneously
- Works with all US carriers; Verizon, AT&T, T-Mobile, and more

ABOUT

The **weBoost Installed | Home Complete** cell signal booster provides a best-in-class solution for weak or nonexistent indoor cellular coverage. It's engineered to increase network speeds across all available signal bands for max coverage throughout a home. The weBoost Installed | Home Complete benefits from improved aesthetics to complement contemporary décor; as evidenced by the anodized-gray and powder-coated-black aluminum booster and its fabric-covered inside panel antenna. Upon receipt of the product, professional installation can be scheduled as soon as the next day; anywhere in the United States. After home installation, customers will experience faster data speeds, fewer dropped calls, superior streaming capability, and more. weBoost Installed | Home Complete works with all US carriers; which includes AT&T, Verizon, T-Mobile, US Cellular, and Straight Talk. It comes with a 2-year manufacturer's warranty along with a 30-day money-back guarantee.

HOW THE WEBBOOST INSTALLED WORKS

- 1 Receives signal:** The outside antenna reaches out to access the existing strong outdoor cell signal and delivers it indoors to the booster.
- 2 Boost signal:** The booster receives the signal, amplifies it, and serves as a relay between your phone and the nearest cell tower.
- 3 Broadcasts signal:** Your devices get a stronger signal, and calls and data are fed through the booster back to the network.

SUPPORT

2-Year Warranty from Purchase.
